The ministry of cooperation said that under the leadership of Prime Minister Narendra Modi and the guidance of the minister of cooperation, the ministry has taken 54 initiatives in the last 27 months to strengthen the cooperative movement.

The NCEL came into

existence after Mr Shah put an emphasis on the need to establish a national-level multi-state cooperative society to function as an umbrella organisation for exports by the cooperative sector.

“Setting up a national-level cooperative to promote exports through cooperatives is one of such initiatives, which is an important step towards realising the Modi government’s vision of ‘*Sahakar se Samridhhi*,’” the ministry said.

A range of issues, including channelling cooperatives for linkages to export markets, the potential of Indian agri-

exports, and opportunities for cooperatives, among others, will be discussed in the symposium.

The NCEL is the newly established umbrella organisation for cooperative sector exports registered under the Multi-State Cooperative Societies Act, 2002, on January 25, 2023. It covers agriculture and allied activities as well as handloom and handicraft items by enrolling a large number of cooperatives under its fold, with a target to double its revenue by 2025 from the current level of about ₹2,160 crores.

All cooperative societies that are interested in exports are eligible to become members of the NCEL, which has an authorised share capital of ₹2,000 crores.
